12. In returning the same after duly checking cols. 1, 2 and 3 (i.e, the cols. giving particulars of estabtt. sanctioned from time to time, for the Bangalore City,) the Comptroller observes that in the absence of timely intimation of reductions in the establishments originally sanctioned, he could not check cols. 4 and 5 (i.e, cols. shewing details of reductions) while under such circumstances his office will necessarily continue to admit, if presented, bills up to the amount originally sanctioned although, for a matter of fact, as in the present instance, the original estabtt. might have undergone considerable reduction.

This is rather curious & embarrassing — to be asked to change an order passed only in July. If they strike work, they could be easily replaced in Bangalore. At any rate an attempt should be made. Sir,

With reference to docket No: 19687 / L.B.(P) 1911 dated the 2nd June 1902 from the Secretary to the Government of Mysor requesting to explain the necessity for including the cost of the additional Plague Establishment amounting to Rs. 1004/- per mensem out of what had been sanctioned in Government Proceedings No: 7905-7 / L.B.(P) 1081 dated 22nd

November 1901 in the Budget Estimates
for July 1902 and for omitting the same
in the Annual Budget Estimates for
1902-1903 and to state if any special
sanction has been obtained for the
expenditure of that sum, I have the
honor to state that the omission of
the Extra Establishment costing Rs 1004/-

made having in view the discontinuance
of the present allowances and additional
staff sanctioned in the Government
order of the 22nd November last. As there
was no likelihood of the Establishment
being done away with before the end
of July 1902, provision was made
in the Budget Estimates for July 1902.

SIR,

In consequence of the current year's epedimic in Bangalore City being more severe than that of last year, it is reported that there have been already 281 admissions into the Magdi Road plague camp while the corresponding admissions during last year was only 152. With the close of last year when plague went down, the additional Establishment shown in the accompanying statement was dispensed with, but as the work has now considerably increased the present Establishment is found to be very inadequate.

2. The President, Bangalore City Municipality reports, after personal inspection that the Establishment dispensed with last year may be re-entertained to cope with the increased work during current year.

3. I have the honor to request that the additional Establishment costing Rs. 109/- per month as per accompanying statement may be sanctioned at an early date.

I do the honor to State that the Khoby and the female Sweeper employed in the Magadi Road Plague Camp who were till very recently getting a Salary of Rs 7+3 and Rs 5+5 have after the receipt of Government order No 74-5/L.B.D dated 23rd July 1903 been getting only Rs 7 and 5 respectively. They Complain that the pay is very small and are unwilling to Continue on their present pay Considering the nature

Nature of the work that it is required of them and the risk they have to undergo in the performance of their duty, the Health Officer recommends that their salary may be raised to Rs 30 & 7 respectively. The Senior Surgeon is therefore requested to obtain the Sanction of Government for the Dhoby and the female Sweeper being given the allowance of Rs 3/- and 2/- respectively from Plague Funds as hitherto.

Order thereon .No. L.B.P. 443-4

Dated. 20/10/03

Seeing that plague has again appeared at Bangalore & the risk the menials attached to the plague camp thereat are exposed to, Govt are pleased to sanction from plague funds, as a tem-porary measure for 6 months, the allowances referred to above with the Govt observe that ~~remark that~~ application, like the ~~one~~ under

94

reference asking to change an order passed only in July last is embarassing & that if the servants strike work on account of higher pay, they could be easily replaced in Pangalore and that an attempt should be made, in this direction instead of simply reporting to Govt. that the men would strike work.

In the present case, however, Government are pleased to sanction, the allowances recommended for six months from 15/10/03. as a special case, the amount being debited to Plague Funds.

Sir,

In forwarding herewith the Bangalore City Health officer's letter No. 3,74 dated the 16th September 1903, with the President's remark thereon, I have the honor to state that the allowances paid to the Epidemic Disease Hospital servants and which were recently stopped (Vide Government Proceedings No. 74-5 L.B.P. dated the 23rd July 1903,) should be resumed at once; otherwise the camps will soon be denuded of servants, as there is much discontent with the small pay they now get; and to request therefore that the Government will be pleased to sanction the allowance as noted in the margin.

As regards the Lady apothecary and the Camp's Superintendent, referred to in the President's letter, I have to state that
